

I benefit from listening to XM Satellite Radio traffic and weather channels.
XM Satellite Radio provides alot of variety and quality!!

I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I'm permitted to listen to.

Ie. Howard Stern

PLEASE reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that you demand and deserve.

Thank you,
Keith Knipschild
